

voltage at which the reverse saturation current at saturate =
-0.059867212volt

reverse saturation current = -6.841978356ampere

reverse saturation current 0.1 = 0.000458127ampere

reverse saturation current 0.2 = 0.021904259ampere

reverse saturation current 0.3 = 1.025854912ampere
