```
"The mean of the random variable R is"
 0.9668127
"The mean of the random variable S is"
 0.9748126
"The Standard deviation of R is"
 1.0276458
"The Standard deviation of S is"
 1.0232880
"The covariance between R and S is"
 0.9015213
```
