

Example 10.5

Result

Hence By solving the polynomial $V =$

0.7368

Moles Of liquid

0.2632

Moles Of vapor

0.7368

Mole fraction Of liquid

0.2858 0.381 0.3331

Mole fraction Of vapor

0.5086 0.3389 0.1524
